## Koenigshof 'The Luxury Collection by Marriott' Munich,

The new Koenigshof Munich is part of the Marriott brand 'The Luxury Collection' and is thus opening up a new chapter in its long history. The positioning in the luxury segment follows the tradition of the hotel, which was demolished in 2019, and at the same time upgrades the famous 'Stachus' with extraordinary architecture. In addition to the exclusive rooms and suites, the hotel offers a restaurant with a modern bar and fantastic views of the city. We are very proud that we were able to make our contribution with the textile interior design of the rooms and suites.
